### **Personal Reflection**

Practically speaking, describe what it means to be dead to sin.

We are slaves to someone or something. Who is your master (in desire and practice)?

What, if anything, keeps you bound to sin? What is your greatest hindrance to abandoning sin? What would have to happen in order for you to be free?

What gives you the ability to choose to believe and live the concepts in this chapter?

### **Memory Verse: Romans 6:6-7**

“For we know that our old self was crucified with him so that the body of sin might be done away with, that we should no longer be slaves to sin because anyone who has died has been freed from sin.”
