

Mothers' Day Blessing
Dr. Jerry Nelson

Chinese author Lin Yutang wrote, "Of all the rights of women, the greatest is to be a mother." Our God has said, "Honor your mother..!"

Today we honor and bless those women who are and who desire to be mothers.

"Almighty and gracious God, we pray to you today for these mothers, who have given life and love; may they may reap the reward of their love; We pray for mothers who have lost a child through death, that you may comfort them and give them hope; We pray for mothers who have died, that they may rest in the joy of your presence.

Bless these women, O God, that they may be strengthened as Christian mothers. Let the example of their faith and love shine forth. And grant that their sons and daughters, may honor them always with profound respect and love.

Grant this through Christ our Lord.
